

# Discover Hybrid Scheduling With Delivery Windows

## Centralized Management of All Exam Delivery Modalities

Provide candidates with a clear and simple path to book in-person or remote exam appointments.

### BENEFITS OF DELIVERY WINDOWS

Administer exams across multiple modalities from a single interface

Provide an automated, intuitive scheduling journey for candidates

Allow candidates to switch modalities in just a few clicks

Streamline your exam management workflow

Access more robust administrative settings

### KEY FEATURES OF DELIVERY WINDOWS

Fully integrated with the ProctorU Platform and Measure Learning Test Center Network

Support for program-managed test site bookings

Option to require test sponsor approval of candidate bookings

Hassle-free management of rescheduling & cancellation fees (for programs using eCommerce)

### HOW TO TRANSITION TO DELIVERY WINDOWS

Our dedicated implementation team is here to guide and support your migration to the Delivery Windows interface. Once you're set up, you'll find that configuring a new administration is effortless.

Here's what the transition will look like:

- ☐ **STEP 1:** Contact your Customer Success (CS) representative or [email the CS team](#).
- ☐ **STEP 2:** Meet with our team to review your delivery modalities and current configurations.
- ☐ **STEP 3:** Leave the migration and implementation work to us. Timelines will vary based on program size and complexity.
- ☐ **STEP 4:** Receive hands-on training to set up your next administration using Delivery Windows.
